

## Figuring Out Final Output

Page 130

Date / /

eighties = ['', 'duran duran', 'B-52s', 'muse']

newWave = ['flock of seagulls', 'postal service']

remember = twenties[1] # remember = duran  
duran

eighties[1] = 'cultural club' # Updating the  
2<sup>nd</sup> item in the

band = newWave[0]

list 'eighties' by 'cultural  
club'

# band = flock of seagulls

eighties[3] = band # Replacing the 4<sup>th</sup> item  
of the list 'eighties' by

band i.e. 'flock of seagulls'

eighties[0] = twenties[2] # Replace 1<sup>st</sup> item  
of list 'eighties', which  
is empty, by 3<sup>rd</sup> item

of the list ~~twenties~~ 'same  
list' which is 'B-52s'.

eighties[2] = remember # Replacing 3<sup>rd</sup> item  
of the list 'eighties', which is,  
'B-52s' by 'duran duran'

print(eighties)

Final Output: ['B-52s', 'cultural club', 'duran duran',  
'flock of seagulls']
